

### Is my information in My HealtheVet secure?

My HealtheVet is VA's online Personal Health Record. It is designed for Veterans, active duty Servicemembers, their dependents and caregivers. My HealtheVet helps you partner with your VA health care team. It provides you opportunities and tools to make informed decisions and manage your health care. To learn more, go to: [www.myhealth.va.gov](http://www.myhealth.va.gov)

*It is important to protect your information. You are responsible for protecting your personal information you print out or download. Protect this information the same way you would protect your banking or credit card information.*

- **Do not** leave your printed information on a printer
- **Do not** save your downloaded information to a public computer

When using a public computer, save your information to a storage device, such as a CD, thumb drive or mobile device. Remember to take it with you when you finish.

*A number of smartphone apps are also available through a variety of non-VA sources. While VA doesn't endorse specific apps, there are now creative, secure and easy-to-use ways of viewing Blue Button data. Search for "Blue Button" in your smartphone apps library to learn more.*
