

Physical Medicine & Rehabilitation Services

VA Butler Healthcare provides full service rehabilitation *for* enrolled Veterans!

A multidisciplinary team of physicians, nurses, social workers, and rehabilitative staff work together to return Veterans to the optimal independence in daily living while promoting and restoring their health.

Services are provided by certified clinical professionals in Physical Therapy (PT), Kinesiotherapy (KT), Occupational Therapy (OT), Speech Pathology (SP), and Recreation Therapy (RT).

Some of the services we provide include:

- Professional Clinical Services
- Joint Replacement Therapies
- Artificial Limb Training
- Stroke Recovery
- Balance and Fall Prevention Program
- Pain Management
- Custom Wheelchair Seating
- Adaptive Equipment Evaluations
- Orthotic and Brace Clinic
- Wound Prevention
- Bariatric Services
- Comprehensive Driving Evaluation
- Patient/Family Education
- Home Therapy Instruction
- APEX Shoes (diabetic footwear)
- Compression Garments
- Manual Lymph Drainage (MLD)
- Lymphedema Management
- Hand Therapy
- Wellness Center

We Offer Prosthetics and Sensory Aids

We provide supplies, equipment, devices, and services to replace, support, and/or complement human anatomy impaired as a result of trauma or disease.

The Prosthetics program provides medically-eligible Veterans with prescribed equipment and sensory aids and/or devices. Services include orthotics, sensory aids, medical equipment, medical supplies, walking aids, home improvement education and training, appliances, services, and repairs.

Eligibility

Basic eligibility for prosthetic items includes enrollment in the VA system. Your VA doctor may request prosthetic items for you and will provide proper medical justification for the item(s).

We Have A Wellness Center

We offer an independent fitness program that addresses the five aspects of fitness: cardiovascular endurance, muscular endurance, flexibility, muscular strength, and body composition. Veterans must be medically cleared by their VA doctor to participate in the fitness program and utilize our Wellness Center.
